TABLE OF CONTENTS

Day 1: Introduction to C Programming....1
Day 2: Structure of a C Program....7
Day 3: C Tokens: Character Set, Keywords and Identifiers....11
Day 4: Operators....22
Day 5: Expressions....37
Day 6: Input and Output Statements....45
Day 7: Formatted Output Statements....53
Day 8: Decision Making: if, if-else and switch....56
Day 9: Nested if and else-if Ladder....61
Day 10: Looping Statements: the for Loop....65
Day 11: The while Loop....70
Day 12: The do-while Loop....74
Day 13: Unconditional Control Statements: break, continue and goto....77
Day 14: Arrays....80
Day 15: Two-Dimensional Arrays....84
Day 16: Strings....88
Day 17: Functions....91
Day 18: Function Prototypes....94
Day 19: Nesting of Functions....98
Day 20: Call by Value and Call by Reference....102
Day 21: Structures....106
Day 22: Pointers with Structures....115
Day 23: Pointers with Functions....118
Day 24: Preprocessor Directives....126
Index....132
